

BUILD NEW COMMUNITY CENTER

Pertinent Paragraphs

What is a community? The family is the foundation of any community. The church and school are the first outward signs and the most important aspects of community life.

One speaker declared that the Lemon Grove school district was the poorest in the state. Maybe so. We don't know. The school building program in Lemon Grove seems to be the most intensive in the state. Maybe we have much to catch up on.

The post office, the bank, the Civic Center are the next steps in the development.

Lemon Grove's new post office was opened last week, without fanfare.

In our March 31st issue we published the announcement of Lemon Grove's postmistress, Miss Charlotte Nicholson, that the post office would be open at the new location on Broadway. The big task of moving was accomplished without cessation of service. The new building has more than double the floor space of the old building. Flowers and congratulations were received by the staff last week in the new building.

Mr. Sonka deserves credit for speeding up building operations not only for the post office, but also for the other new buildings on Broadway.

Never too fast for Lemon Grove. The bank, the next step in the development of Lemon Grove, will open soon.

And now the Community Center is on the way and it appears that all organizations in the Lemon Grove School District will support the Lemon Grove Chamber of Commerce in this project.

More Children Attending Full Time Sessions

The Lemon Grove School Board members held their regular monthly meeting in the superintendent's office Tuesday evening.

Harry Griffen, new board member appointed by County Superintendent John Carroll, was given the oath of office, and took part in the meeting.

The contract was signed for the '49 Chevrolet pick-up truck, which had proved very useful during the recent moving to the Vista La Mesa School.

The financial reports showed an improvement due to more children attending all day, since opening the Vista La Mesa school reduced the number of children on double session. An attempt is being made to secure a discount on milk for school children, but the local dairies cannot grant this, and the matter is being taken up with state authorities.

Two bills are in committee in the state legislature: one on operational expenses of schools, and one on construction of new schools.

Principal S. E. Solleder has compiled a handbook for parents of kindergarten children, which the board heartily approved. It is planned to have a round-up and registration of parents and prospective kindergarten children soon, when the handbooks will be given to each parent. It suggests how parents may help to prepare children for kindergarten and the bibliography suggests a number of helpful books on child training.

The Vista La Mesa School is having the heating units installed this week and the board authorized Mr. Netzeley to write a letter to the contractor, urging haste in completing grading of the school grounds.

The Monterey Heights School building program is reported to be ahead of schedule at present. The concrete floor has been poured for the first unit, and the frame work is rising.

Endorse Chamber Action to Proceed With New Center

Tuesday morning's meeting of the Lemon Grove Business Men heartily and unanimously endorsed the resolution passed at the Chamber of Commerce meeting to proceed immediately with the building of a Community Center. The Business Men promised full cooperation and support in the form of voluntary labor or individual financial contributions.

The meeting decided to help the Camp Fire Girls with their doughnut sale.

At the request of the Co-ordinating Council, the Business Men will also assist with transportation for Brownies and Intermediate Scout camps at Eucalyptus Park. These camps are open to all girls organizations.

There was no report yet from the picnic committee, except a request that the picnic be held after the end of the school year, the latter part of June.

The president reported that the organization for the Business Directory is being completed and identification cards will be issued to canvassers.

Lemon Grove Again Leads in Building Permits

The analysis of building permits issued in March 1949 in unincorporated areas of San Diego County shows Lemon Grove leading again with 36 permits issued for one family dwellings with a valuation of \$250,133.

Lemon Grove was also first in regard to the number of permits for alterations, additions and electrical work.

South Sea Island Display At Paint Store

Mr. W. F. Dobbins who has a Paint Store on Broadway near Massachusetts Avenue, has a most interesting exhibit of South Sea Island trophies in his display windows.

Mr. Dobbins collected the exhibits during the time he was in the Navy stationed in the South Pacific.

There are Tapa cloths the natives use for clothing, and two grass skirts prominently displayed. One is for dancing. There are also pow-pows, or outrigger canoes which the natives use for war.

He has a number of "cat's eyes," which are considered semi-jewels. These are found in the sea, with a little animal inside the shell. These were buried in the ground for two weeks, during which time the earth worms ate the animal inside. Then the shells were dug up and retained their fine natural lustre, which is rubbed off in the sea, if the "cat's eyes" are collected after the animal is dead.

Mr. Dobbins acquired a Japanese sword at Okinawa. He rode out a typhoon upon leaving there, having his narrowest escape from death at that time.

He has collected several shell necklaces and jewel boxes made by natives and has a sewing basket woven from fiber from banana leaves. There are also coasters woven from coconut leaf fiber.

Many of the articles were collected in American and British Samoa, and from the Fiji Islands. The exhibit is well worth seeing and will remain in the windows for the next two weeks.

Harry Griffen Appointed to School Board

Harry Griffen of Alton Drive is the new school board member succeeding J. A. Van Gilse, who resigned recently due to moving outside the school district. Mr. Griffen has a home on Alton Drive and one boy nine years old in the Lemon Grove School. Another child, four years old will start to kindergarten next year.

He is a member of Mt. Helix Associates, having built many homes in the Lemon Grove area. He is also a rancher and former member of the school board at Grossmont, so is well qualified to be a member, and the board is happy to welcome him.

It's A Boy

Mr. and Mrs. Robert Damschroeder of Paula St. in Vista La Mesa, are the parents of a son, Robert William, born March 24 at Mercy Hospital. This is their second child. Their daughter Nancy is 21 month old.

Monday April 11, the baby's paternal grandfather, Rev. Clarence Damschroeder, pastor of the Grace Lutheran Church in San Diego, baptised his little grandson. Godparents present were the mother's brother and wife, Rev. and Mrs. Loren Rumsch, of Chula Vista.

Concert Ass'n Drives for New Memberships

National Music Week occurs 1 week before the drive for memberships in the Grossmont Community Concert Association, which has proved so popular with hundreds of music lovers all over the district.

May 2 to May 7 being National Music Week, the Southern California Music Company offered an organ and organist to play in the lobby of the First National Bank Building. A concert will be played each day, Monday through Saturday at 10:00 to 11:00 a.m. and 2:00 to 3:00 p.m. The Grossmont Community Concert Association is host to this affair. Chairs will be placed in the lobby.

This same week is the time for renewing memberships in the association. All who have attended these concerts the past two years, are urged to contact one of the workers in his locality. Workers in this area are under the direction of Mrs. Steven Westover. Her aids are Mrs. Amy Sonka, Mrs. J. B. Pearce, Mrs. Katherine Elliott, Mrs. S. R. Close, Mrs. John Shinn, Mrs. Ted Haaf, Mrs. Willis Richardson, Mrs. Carroll L. Graves and Mrs. Marie A. Herder.

The drive will be concluded the week ending May 14. One may attend each of the five concerts next season for \$6, Federal tax included. Any student, even in college, may have a membership for \$3.

The artists are of very high ability, and all who have attended thus far have been very enthusiastic about the concerts. If you are a music lover, and a newcomer to the Grove, contact one of the workers mentioned above for information about next year's concerts. You are welcome to join the audiences for next concert year. Do not wait to be asked.

C of C Given Endorsement To Proceed

A large group of men and women turned out Monday night to hear the representatives of the Chamber of Commerce and the Board of Supervisors explain the situation in regard to the planned Community Center for Lemon Grove.

Mr. Parks, of the County Public Works Department, was unable to be present before 8:30, and the president of the Chamber of Commerce, Ted Haaf, suggested that the time might be well spent in listing suggestions for projects to be undertaken by the Chamber during the year.

The secretary, Mr. A. T. Benson, listed the projects now under consideration by the Chamber: Community Center and street improvements. Mr. Jackson Ammons is chairman of the Street Improvement Committee, and Messrs. Chris Ferguson, James Mulder and Vroman Dorman represent the Building Committee.

President Ted Haaf then asked for suggestions for projects to be undertaken by the Chamber of Commerce. Among the suggestions made by the gathering were the following: Mrs. Charles Jinnett, street lights; Mrs. Durham, street signs; Dr. Chassey, Pacific and Main Street traffic hazard control; Rev. Dan Apra, Fire Department; Mr. Leech, Mosquito control; Mrs. Myra Sonka, traffic lights; Mr. Rella, Pedestrian stop signs, and Mr. Vandenberg, sidewalks.

As the main objective of the evening was discussion and a decision on the Community Center, there was no time for discussion of these suggested projects.

The chairman then introduced Mr. Parks of the County Public Works Department, who was instrumental in having plans prepared for the proposed Community Center. Objections to the size of the proposed auditorium were soon voiced, giving Mr. Parks a chance to explain the circumstances which decided in favor of the present proposals.

The plans are based on the grant of \$7,000 from the Board of Supervisors. This money has to be used before July 1, and must be matched by an equal amount of cash or donated labor from the residents of Lemon Grove.

Mr. Parks explained the plans were prepared for a Community Center with playgrounds, patio and rest rooms on one side and an auditorium 24'x45' with attached kitchen, cloak room and entrance hall on the other side. The plans presented provide for later enlargement of the auditorium.

The needs of the community were presented to Mr. Parks, but, considering that a speedy start was essential, it was decided to proceed immediately with present plans, and let the building committee appointed by the Board of Directors make arrangements with Mr. Parks and the Board of Supervisors.

After thanking Mr. Parks for his splendid presentation of the matter, Mr. Haaf called on Mr. Vroman Dorman to handle the discussion of plans for the organization of donated labor. All suggestions of help were accepted by the committee.

All organizations in Monterey Heights, Vista La Mesa, American Homes and Lemon Grove are asked to assist. Offers of help have already been received from all the organizations in the district and neighboring communities who feel the need of a Community Center here.

Mrs. Durham asked for a speaker to attend the P.T.A. meeting at the School Cafeteria at 7:30 p.m. on April 21.

Mrs. Baxter, on behalf of the program committee of the Forward Club, asked for a speaker to be present at their meeting at 2:00 p.m. on April 22.

Mr. Haaf promised to arrange for speakers to fill all requests presented.

Issue Warning Regarding Tent Sanitation

To most Californians the first signs of spring are the clear warm sunshine, the flowering growth of our flora and the happy feeling of the open spaces. But for the Building Inspector spring means an additional unsavory duty of investigating auto trailers and tents used for dwellings on private property.

This feeling of spring and the promise of mild pleasant weather creates the desire in many people to live out of doors. They wish to "camp out" for the summer on their lot on which they are making time payments. The urge is so strong and the economics of rent so attractive that they do not realize the consequences of their acts.

There are thirty-two districts of the unincorporated area of San Diego County where the Building Code does not permit the auto trailer or tent to be used as a dwelling. And the County Health Code does not permit a chemical toilet or outhouse anywhere in the County.

The main purpose of Building Code and Sanitation Code requirements is to maintain Health and Safety not alone for the occupants, but for the entire community. Last year we had a serious Polio epidemic and it has been traced to unsanitary community conditions, where the raw sewage was run in open ditches. Children will play together in a neighborhood and will not know the danger of un-

seen germs. A trailer or tent family is not a hazard to that family alone, but to the whole community.

Therefore, the County Building Inspectors are going to make every effort to prevent the use of trailers and tents for dwellings in the building inspection areas of the County. The inspectors request the residents to assist them by phoning the office and reporting any new violation of this kind. Only by the continued co-operation of the people can the inspectors protect the communities from this contamination.

One of the basic principals of a democratic society is the duty to the community which must be honored by every citizen. In the exercise of his rights and freedoms everyone shall be subject to such limitations as are prescribed by law solely for the purpose of securing due recognition and the respect for the rights of others and just requirements of morality, public order, and general welfare.

There remain in San Diego County, areas which are not served by the dwelling and building code, and therefore permit living in trailers and tents. These areas, however, have a serious water problem and are not densely settled. In these areas the hazard of exposure to the individual family is less apt to affect the entire community — but still is not a desirable condition.

RABBIT RAISERS WIND UP CENSUS

With the united efforts of the Rabbit Breeders and Feed Dealers in this county, the Rabbit Commodity Group of the San Diego County Farm Bureau, are closing a very successful census campaign.

It is an unparalleled feat, in that, to this writer's knowledge, a census of domestic rabbits has never been completed in any county in the United States. By taking the initiative, this very aggressive group once again leads the way and sets up a pattern for others to follow. It is their wish that enough demand be made to include rabbits with other live stock on the 1950 national census, and to establish this growing industry in its proper place.

The first summary shows 12,245 does over 5 months of age and 17,425 usable hutches in the county. While this does not represent the grand total, it is urged that all returns be mailed in so that a final tally can be drawn up.

Those breeders who have not entered their herds in the census may mail the tally to the chairman, Mr. C. R. Coleman, Rt. 3, Box 1066, Vista.

All Feed Dealers are urged to mail in any returns that they may have on hand at this time.

On behalf of the committee, Mr. Coleman wishes to thank the growers and feed dealers in the county for their whole hearted cooperation in making this census a success.

Retiring Girl Scout Leaders Honored With Handkerchief Shower

The leaders, co-leaders and committee mothers of the Girl Scout organization honored retiring officers of their group with a handkerchief shower Thursday evening, April 7, in the school cafeteria. Three of their faithful workers are retiring, so the rest are expressing their appreciation for their services. Ladies honored are Mrs. Frank Greenlee, R. C. Pfister and Mrs. Byron A. Maxon.

Games for the evening's entertainment were in charge of Mrs. John Kish. Mrs. Gregory arranged for favors and Mrs. Smith was in charge of refreshments, with Mrs. I. B. Burkett acting as general chairman.

Drama Section Will Present Play April 20

The Drama Section of the Forward Club has been rehearsing a play the past few weeks under the supervision of Mrs. Shuyler Read, with coaching by Mrs. Frank E. O'Connor. The date for presenting the play, "The Locked Window" has just been set for April 20, at 8:00 p. m., in the Forward Club House.

The evening will begin with a pot luck dinner at 6:30 for all members of the Forward Club and Forward Club Juniors and their husbands and families.

After the dinner the play will be presented. Members of the cast in the order of their appearance are Mrs. Irving Vernier as Heloise; Mrs. Marie A. Herder as Mariah; Mrs. Todd Ballantyne as Timothy Easton; Mrs. David Hentigan as Minnie Allen; Mrs. F. P. Krause as Dennis Collins; Mrs. C. F. Baxter as young Heloise; Mrs. George C. Hillix as young Mariah, and Georgianne Hillix as Edna. The cast is composed of both Junior and Senior Forward Club members.

There will be no admission charge for the evening's entertainment as it is planned as a purely social affair.

Piano Artists to Present Grossmont Season Finale

Saturday May 7, Bartlett and Robertson will present the last concert of the season at Grossmont High School Auditorium. They are duo pianists, and considered to be the world's foremost artists in their line. They were received very enthusiastically at Coronado last week.

The Steinway Mfg. Co. furnished them with two matched pianos arranged in a trailer, which has travelled with them all over the country recently in 80 engagements.

These popular artists have arranged to live at Rancho Santa Fe, and will be in residence there when they give their concert at Grossmont May 7.

Forward Juniors To Give Bazaar April 23

Do you enjoy delicious food and a good time? If so, you will want to attend the big Spring Bazaar to be given by the Lemon Grove Forward Club Juniors, Saturday April 23, in the Forward Club House.

The doors open at 7:30 p. m., and a tasty dinner will be served from 5:00 p. m. til 7:30 p. m. Dinner prices are: Adults 75c and children 35c. The menu includes baked beans and ham, salad, cornbread, pie and coffee. Supper will be served on the "Indoor Patio," and highchairs will be provided for small fry. Coffee is to be sold throughout the evening.

The high point of the evening will be the awarding of the lovely 100 per cent wool blanket, in its cellophane case. Some person is going home with this beautiful gift.

To see the decorations, will be well worth a trip to the Bazaar. Mrs. William Miller is in charge of the decorations, and she and her committee have done a marvelous job.

The following booths will be open for business: Home Bakery Goods and Preserves, Handwork and Crafts, White Elephants, Candy and Popcorn, and the Kiddie Korner. In the Kiddie Korner will be a penny arcade and surprise type grab bag.

Mrs. William Kellison is General Chairman and her committee chairmen are Mrs. David Hentigan, Mrs. William Miller, Mrs. R. Kalanquin, Mrs. Allen Giles and Mrs. Charles Whitlock.

The Spring Bazaar is a good place for the whole family to spend Saturday. No dishes for Mom to wash; home cooked food for Dad; fun for the kids and everyone. See you at the Bazaar, Saturday, neighbor.

THE EASTER STORY

(We have run this little story in our Easter ad
each year since 1944.)

A little more than nineteen hundred years ago, early on a
clear sunlit morning, birds sang in the olive trees throughout
Jerusalem. Children pattered along the street, and called to
each other in their play.

But there was no happiness in the heart of Mary Magda-
lene. Sore-plexed, she was. For this her Lord, was dead. He
who had cast out from her the seven devils, he her deliverer
had been crucified side by side with a common criminal.

She wept, and leaned for solace on Mary, the mother of
James. Perhaps if they went to the sepulcher, his nearness
would lend them comfort.

But the stone no longer was in place. From out the dark-
ened interior had come the Prince of Light. The World was
saved, and the empty tomb stood as mute evidence of the
power of God over evil.

Frightened, the two women turned to flee. Then the angel
reassured them, saying that the Lord had risen, had gone
forth on his mission of love. And Mary hastened to inform
the disciples.

Today, we move in a world just healing its wounds of war.
As we gaze back over the centuries which separate us from
the Resurrection, we think how the tomb so empty that sunny
morning, symbolizes today even as then, the hope of man-
kind. From the darkened tomb of ignorance will come the
bright and shining light of knowledge, to lead us into a
world safe for Peace, and the Love of Mankind.
